## ROWND A ROWND

- Ers i'r gyfres gychwyn yn 1995, mae Rownd a Rownd (y rhaglen sebon boblogaidd sy'n cael ei chynhyrchu gan Rondo Media) wedi cyfrannu dros £85m i'r economi ym Mhorthaethwy, ac amcangyfrifir bod 95% ohono wedi'i wario'n lleol.
- Mae'n cyflogi o gwmpas 150 o bobl am hyd at 10 mis o'r flwyddyn, mewn amryw o rolau creadigol, technegol a gweinyddol.
- Dros y ddua ddegawd diwethaf, mae'r gyfres wedi magu cyfoeth o dalent creadigol, gyda sawl person a hyfforddwyd ar y gyfres wedi symud ymlaen i weithio ar ffilmiau a chynrychiadau rhwydwaith rhyngwladol.
- Mae'r gyfres yn portreadu agweddau o'r gymuned leol ac yn dangos tirlun syfrdanol Eryri a'r Fenai.

- Since the series began in 1995, Rownd a Rownd (the popular twice weekly television soap drama produced by Rondo Media) has contributed over £85m into the economy in Porthaethwy with an estimated 95% spent locally.
- It employs approximately 150 people for up to 10 months of the year, in various creative, technical and administration production roles.
- During the past two decades the series has developed a wealth of Creative talent, with several individuals who have been trained on the series moving on to work on films and International network productions.
- The series portrays aspects of the local community and showcases the stunning landscape around Snowdonia and the Menai Straights.

## Cyflogaeth yn y maes Creadigol yng Ngogledd Cymru 2006-16 Creative employment in North Wales 2006-2016

Mae cwmni VFX On-set Facilities, sydd wedi'i leoli yn y DU wedi datblygu system nodedig, ac o bosib unigryw, sy'n creu VFX byw sy'n weledol syfrdanol o gynyrschiadau sgrin-werdd.

Wedi'i leoli mewn gweithdy yng Nghorwen, mae'r cwmni hefyd yn defnyddio cyfleusterau yng Nghanolfan Optic, lle mae OSF yn bwriadu lleoli yn hwyrach eleni. Mae'r system yn defnyddio injan gemau VR sy'n cyfuno'r ddelwedd yn y blaen, y cefndir CG, y matte a'r data tracio camera ac yn ei fwydo i Nuke, o le mae'r cyfansoddiad terfynol yn cael ei allbynnu. Mae'r cwmni, sy'n arbenigo mewn trawsnewid setiau ffilm yn ddigidol, ac sydd â swyddfeydd yn y DU, Sbaen ac Awstralia, yn credu ei fod wedi creu'r system VFX byw gyntaf i gyfuno technoleg injan gêm gyda YFX safon uchel byw a chamerâu digidol i greu effeithiau gweledol byw ar-set.

UK-based VFX company On-set Facilities has developed an impressive, and apparently unique system that creates visually stunning live VFX from green-screen shoots.

Based from a workshop in Corwen, the company also uses the facilities at The Optic Centre where OSF are planning to move in later this year

The system uses a VR games Engine, which combines the foreground image, the CG background, the matte and the camera tracking data and feeds it to Nuke where the final composition is output.

The company, which specialises in digitally transforming film sets and has offices in the UK, Spain and Australia, believes it has created the first live VFX setup to combine game Engine technology with live, high-end VFX and digital cameras to output live on-set visual effects.

Yn 2011, agorodd Canolfan £5m ar gyfer y Diwydiannau Creadigol ym Mhrifysgol Glyndŵr, sydd bellach wedi dod yn gartref i BBC Cymru Wales yn Wrecsam. Mae hyn yn cryfhau presenoldeb y BBC yng ngogledd ddwyrain Cymru, ac yn darparu cyfleusterau cynhyrchu newydd i'w staff, gwesteion a chyfranwyr.

Mae gan y Ganolfan orsafoedd teledu a radio o'r radd flaenaf, gweithdai 3D, stiwdios dylunio, cyfleusterau TG, ystafelloedd hyfforddi Apple a chyfleusterau ôl-gynhyrchu sain-gweledol.

Wrth ddod â'r disgyblaethau sy'n gysylltiedig â'r Diwydiannau Creadigol ynghyd, y gobaith yw y bydd y ganolfan yn dod â datrysiau arloesol i broblemau masnachol, ac yn cyfrannu at dwf y Diwydiannau Creadigol yng ngogledd orllewin Cymru.

Ar hyn o bryd mae yna 6 chwrs israddedig ym Mhrifysgol Glyndŵr yn ymwneud a Thechnoleg Cyfryngau Creadigol, ac 18 o gyrsiau israddedig yn yr ysgol Celf a Dylunio.

A £5m Centre for Creative Industries opened in 2011 in Glyndŵr University and has become the new home of BBC Cymru Wales in Wrexham, strengthening the BBC's presence in north east Wales and providing new production facilities for its staff, Guests and contributors.

The Centre features state-of-the-art TV and radio stations, 3D workshops, design studios, IT suites, Apple training suites and post-production audio and visual facilities. By bringing together different disciplines associated with the Creative Industries, it is hoped that it will provide innovative Solutions to commerical problems, as well as contributing to the growth of the Creative Industries in north east Wales.

Currently there are 6 undergraduate courses in Glyndŵr University relating to Creative Media Technology and 18 undergraduate courses in the Art and Design school.
